

BECAUSE YOUNG CHILDREN GET BOARD MORE EASILY.

Expect a 6 year old to respond to the same software as a 16 year old? We don't. Our unique Activprimary software has been designed with teachers especially for the 3 to 12 age group - and matched to their curricula.

Giant on-screen snakessss and ladders make for more enthusiastic young add-ers, as do random rolling dice... hide and reveal... colours... sounds... coins... on-screen rulers...

Or sail down the Amazon... play word games with poets... create a potion... measure the angles on the Pyramids... all in one morning... with an older class.

But fun is also highly functional. Thousands of teacher-designed tools, images, and flipcharts help you bring lessons to life as never before - with all your resources in every subject to hand, at the touch of a button. Along with email, internet, video, audio...

On-screen menus that are (literally) child's play let even the least confident users create and find what they want. And save it, tweak it, re-use it or share it just as easily.

Teachers asked for a sound recorder to add pre-recorded sounds to their images, or to record and play back the voices of their class. So we added one. They talk. We listen.

And, of course, everything is operated by our unique mouse pen - following the advice of experts who believe children's writing is best developed by using a pen from a young age.

It's already won widespread support - including the World Didac Award in 2004.

Or in the words of one 10 year old enthusiast, 'If you got rid of it, I'd want you fired.' (Thank you, Connor.)

ACTIVPRIMARY.

AWARD WINNING SOFTWARE FOR INTERACTIVE WHITEBOARDS.

COMPLETE WITH (FOR BOTH PC AND MAC)

Clear, simple interface For all ages. No need to be an expert to start with, but you'll soon become one.

Curriculum resource bank Flipcharts, images, diagrams, annotations, backgrounds, sounds & tools.

Clock Analogue or digital, to help children learn to tell the time, or to act as a timer.

Rolling dice Generate random numbers for numeracy or to give an exciting start to activities.

Embedded links Full, immediate integration with other multimedia sources: sound, video, web...

Sound recorder Record & play back spontaneous verbal responses from children or teacher notes.

Video recorder Create digital videos of children's projects or activities.

Camera snapshot Capture any image from cds, the web or a digital camera.

Floating toolbar Moves up & down the screen for children to reach. Works with third party software.

Free extras Online training, upgrades, support, online user forum & resource downloads.

CHOOSE FROM

Additional content from market leading publishers.

Enhanced lesson starters and question templates with our voting solution.

Full training courses from getting started through to professionally recognised accreditations.

Curriculum specific training courses Literacy... numeracy... primary curriculum...

AND ADD

Our Activ range of products are designed to work easily with each other, in a package to suit you...

Activboard Our market leading, full function interactive whiteboard provides 100% mouse functionality. Available in 48", 64" and 78" versions as well as the latest 95" widescreen format.

Activslate All the power of the Activboard in your hand. Interact with the Activboard with our A5 wire-free 'mini-board', small enough and tough enough to pass around the class or have one per desk.

Activhub Enables you to use your slate or vote with a computer, even if you don't have an Activboard, or if you have, dare we say it, another make of interactive whiteboard.

Activote The most popular hand held voting technology in the UK and Europe. Instant assessment across the whole class - on anything from class registration to understanding how well a lesson is understood... or even predictive grades. With our superior radio wire-free technology.

Activtablet Acts just like a small Activboard. The best way to prepare lessons wherever you are, or for drawing, designing or tracing where you need to use a pen.

Activsupport A range of professionally recognised training programmes from beginner to postgrad.

TECH SPEC

Compatibility: Windows™: Win 98(SE), 2000/XP, NT, ME. Mac: Mac OS X.
