### Classroom Refurbishment, July 2011

‘We decided to refurbish more classrooms this summer and decided to place our furniture order with SOS Group. Yet again, we were not to be disappointed. The style, quality and price of the furniture were major factors for us in deciding to place the order with SOS Group.

They delivered on time which meant the furniture was in-situ for the return of the pupils in September as they had promised. We subsequently decided to completely revamp our sixth form centre and staff room. The ideas, design plans and options given to us by SOS Group were fantastic. We will be refurbishing more classrooms next summer and again we hope to order from SOS Group.’
